## Math Summit for K-5 Educators:

June 11-12, 2012 or August 6-7, 2012

### Day 1: Common Core State Standards: Mathematics and Assessment

Facilitator: Christina Sherman  
HCESC Math Consultant

*"What will my students need to know and do at each grade level?"*

Participants will:  
Deepen their understanding of the CCSS in Mathematics  
Embrace the shift in pedagogy that needs to occur with the CCSS in Mathematics  
Become familiar with the available resources for the CCSS in Mathematics  
Investigate the PARCC resources

### Day 2: How to Challenge Your High Performing and Gifted Math Students

Facilitator: Dr. Linda Sheffield

*"What will my classroom look like for these learners as I implement the Common Core?"*

Dr. Linda Sheffield, a renowned expert in mathematics and gifted education, has written numerous books and articles for both teachers and students and has conducted seminars for teachers across the U.S. and as far away as Spain, Germany, England, Sicily, Japan, Australia, China and Hungary.

### Recommended Reading:

*Extending the Challenge in Mathematical Promise in K-8 Students*
